An aerial photograph of a valley, likely the Valley of Armageddon. The foreground is dominated by a dense forest of green trees. Beyond the forest, a patchwork of agricultural fields in various shades of brown, tan, and green is visible, separated by roads and irrigation canals. In the distance, a range of mountains stretches across the horizon under a clear, light blue sky.

This is a Hebraic Idiom : 'for this appointed time: two times and a half' =2[thousand] and ½[thousand]  
It is NOT as most Christian scholars translate: 'times, times and half a time.' =3 and ½[days]

# Time, Times, & a Half

And what about the cryptic way in which those words were used, “time, times, and the dividing of a time?” How many ‘times’ do we have there? As is true of English, Hebrew is full of idiomatic language. For instance, the Hebrew idiom ‘cut off’ means to kill. ‘Ate the pieces of’ means to bring malicious accusations against, and so on. Is ‘time, times, and the dividing of a time’ also an idiom? Let’s see if there is Scripture to support that hypothesis:

Job 33:14 For God speaks once, yea twice, yet man perceives it not.

Job 40:5 Once have I spoken; but I will not answer: yea, twice; but I will proceed no further.

Psa. 62:11 God hath spoken once; twice have I heard this; that power belongs unto God.

In the above, *once is one, and twice is only one more, for a total of two: 1+1=2. A singular one followed by a plural twice is only two. In the same way, a singular time followed by a plural times might be only two. Only two! The words are different, but the idiomatic form is the same. If the Lord had said, ‘time, yea times’ we might have seen it instantly.*

Period of the prophetic word: [BEGINS IN 533b.c.e. and lasts as a LONG period of conflict.

In the **third year of Cyrus king of Persia [533/534 b.c.e.]** a message was revealed to Daniel, whose name was called Belteshazzar. The message was true, **but the appointed time would be a long conflict**; and he understood the message, and had understanding of the vision. [Daniel 10:1]

Time of the prophetic word: [Hebrew= mo-ad= a period of **time** or season]

Let's consider for a moment, that Hebraic scholars might actually understand antiquated Hebrew **idioms** a little better than Christian scholars do, and that the "time, times and an half" indicating factor of 3-1/2 is incorrect. Rather, the **idiom indicates a factor of 2-1/2** [**לְמוֹעֵד מוֹעֵדִים וְחִצִּי'** for *this appointed time: two times and a half*] [Daniel 12:7]

Duration of the prophetic word [Grk=*hemera*=a period of **time**]

2 Peter 3:8 *But, beloved, be not ignorant of this one thing, that one "hemera" with the Lord is as a thousand years, and a thousand years as one "hemera".*  
the messenger had meant for a "**time**" to be as a thousand years.

Then the hebraic idiom: This appointed time is **two time** and a **half a time** or

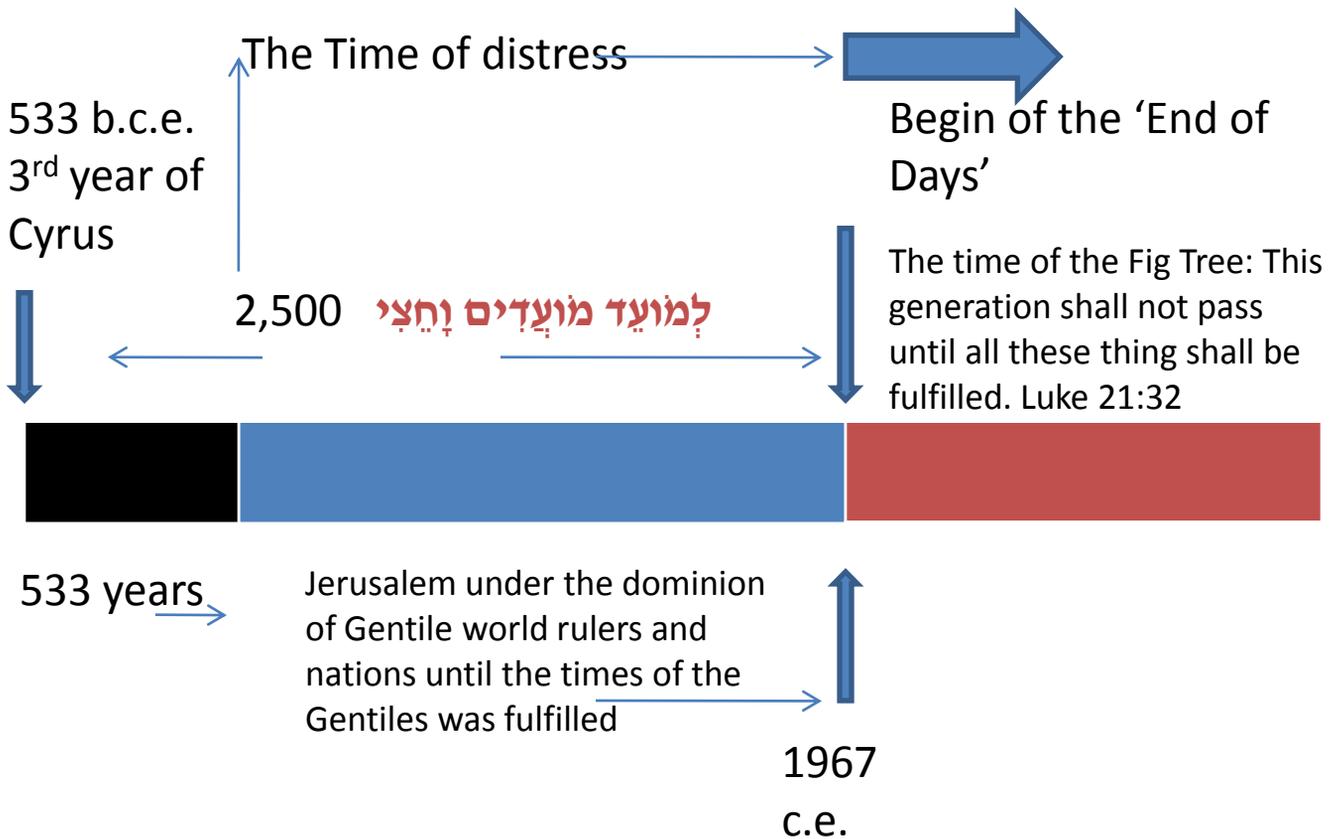

Two [one thousand] and a half [one thousand] = 2,500 cycles of time.

## Recap of Daniel 12:1-7

The Prophetic word was given in **533/534 b.c.e.** and the angelic messenger said it would be a **long period of time** before the “end of days.” [Daniel 10:1]

1. At the End of time we would witness a **time of great distress, upheaval and chaos** unlike the **world had ever seen before.** [Daniel 12:1]
2. During this time many of Daniel’s people **would escape this great time of distress** if their name was written **THE BOOK.** [Daniel 12:1]
3. Following those days of distress will **be a great restoration of people.** Those written in **THE BOOK** will receive everlasting life, but those not found in **THE BOOK** will receive everlasting repulsion or contempt.
4. Those with **wisdom** will **admonish and lead** many into righteousness [Daniel 12:3]
5. **THE BOOK** was to be **sealed until** the “end of days.” [Daniel 12:4]
6. The ‘end of days’ would be characterized by **‘exponential increases of knowledge’ and ‘extensive global travel.’** [Daniel 12:4]
7. Daniel asks **‘how long shall it be until the end of days’** begins? [Daniel 12:6]
8. The Angelic messenger **swore seven times** by ‘the one who Lives forever’ [Daniel 12:7]
9. He swore that the end of days would begin in **order to bring to an end to the dispersion or scattering of the power [praise] of the people of Holiness.** [Daniel 12:7]
10. He swore that it would period of time as **‘two times and a half.’** [Daniel 12:7] before all of these events began. [2,500 historical cycles or years]

# The Beginning of the 'End of Days'

*“The dispersion or scattering of the power[praise] of the people of holiness” came to an end. **Jerusalem** is recovered by the nation of Israel. [Luke 21:24](#) And they shall fall by the edge of the sword, and **shall be led away captive into all nations: and Jerusalem shall be trodden down of the Gentiles, until the times of the Gentiles be fulfilled.***

The Meaning of the Prophetic Word is sealed until the End of Days.

## Recapping Daniel 12:8-13

1. The prophetic word of the 'end of days' would be **concealed and sealed until the end, when those with wisdom would discern its meaning.**
2. There would be a **specific period of 'yomim'**, 1290 prophetic 'yomim' between the time when the 'tamid' **daily sacrifice was abolished [583 b.c.e]** and the **abomination of desolation** was 'set up' in its place.
3. There would also **coming an event**, after 1335 'yomim' or prophetic day/years, that those who await and experience, would be happy or **blessed**.

# Converting Prophetic time to Solar time.

1. **Sacrifices were suspended** four times in the history of Israel and recorded in the Hebrew and Greek Scriptures: **once** before Daniel ([Chronicles 28:24-25](#)), **once** during the Babylonian captivity in [583 BC](#) ([Chronicles 36:19](#) and [Ezra 3:6](#)), and **once**, about four hundred years later, by the Greek king Antiochus Epiphanies and then **finally** in 70 AD when the Romans destroyed the Second Temple. The **583** b.c.e. date should be considered since the angel Gabriel may have had Daniel write about the abolition of sacrifices with which he was directly familiar.
2. ***The Hebraic- day = year "language"*** is suggested in Genesis' [account of the flood](#) as **30 day months pointing to a 360 day prophetic year**, [see slide at end of presentation] each prophetic year being equal to [.9857](#) solar year (360/365.24) of or our modern historical record that the event dating comes from.
3. **To be precise we need to convert the prophetic time of 1290 to our solar year to get an accurate solar date that has meaning to our understanding of time.**

**1290 x .9857 = 1271.5 solar years. Subtracting 583 we arrive at 688.5 AD.**

**WHAT IF ANYTHING OF IMPORTANCE HAPPENED IN 688 AD?**

# NOTE: THE PROPHETIC YEAR

The Jews did not use a solar calendar as we do today, they used instead a lunar-solar calendar, as indicated in Psalms-

Psa 104:19 *He appointed the moon for seasons: the sun knows his going about.*

The length of the lunar month can be determined from Genesis- Gen 7:11 In the six hundredth year of Noah's life, **in the second month, the seventeenth day of the month**, the same day were all the fountains of the great deep broken up, and the windows of heaven were opened.

Gen 7:24 And the waters prevailed upon the earth **an hundred and fifty days**.

Gen 8:4 And the ark rested in the **seventh month, on the seventeenth day** of the month, upon the mountains of Ararat.

Note that there were exactly **5 months** from the point where the flood began and the ark came to rest on Ararat, and that this was a period of 150 days. This demonstrates that the lunar calendar set forth in the Bible has a **30 day month**, therefore the **year is counted as 360 days**. (This 360 day lunar year also accounts for the reason that there are 360 degrees in the compass).

Before the eighth century b.c.e. all calendars were based on the 360 day year. After the eighth century, calendars ***began*** to change to recognize a 365 day year. **WHY? WHAT HAPPENED DURING THE EIGHTH CENTURY THAT LENGTHENED THE EARTH'S ORBIT, DECREASED ITS ORBITAL VELOCITY AND LENGTHENED THE YEAR FROM 360 DAYS TO 365 DAYS?** The answer lies in Isaiah 38:8 and is told in 2 Kings 20:1-11

The blasphemous verses are written in the mosaic on the Dome of the Rock both inside and out and were placed there at its dedication in 688 c.e.

The dedicating verses of the Dome of the Rock *"O you People of the Book, overstep not bounds in your religion, and of Allah speak only the truth. # The location of the Abomination of Desolation

Lets look a a prophecy that involves **42 "months"** in **prophecy**.

There are **365.24 days** in our modern solar year, or John's 1st century Julian (365.25) year, **divided by 12 months = 30.44 average days in a solar month**:

Revelation 11:2: *But the **court which is on the wing of the temple leave out, and measure it not**; for it is given unto the **Gentiles**: and the **holy city shall they tread under foot forty [and] two prophetic months**.*

The city of Jerusalem was under the foot of, or controlled by, Gentiles until the **Israelis took back the holy city in 1967**. **42 months x 30.44 days = 1278.5 prophetic (as years)**. **Subtracting this from 1967 we arrive at 688.5**. Once again, the founding year of the **Dome of the Rock**. Built, not on the site of the Holy of Holies, but on the **wing** of the Temple in the **court** of the Gentiles.

Further study of the above verse may well demonstrate YHVH's wonderfully wry sense of humor. The Solomonic Temple was built over the [threshing floor](#) of Ornan the Jebusite, and on that bedrock the Arc of the Covenant, or Holy or Holies, was kept. It is obvious that the stone pictured below, in the Dome of the Rock, could hardly have served as a threshing floor, because both threshing and recovery of grain would have been beyond reason, particularly when there was a perfectly suited smooth flat threshing rock just 300 feet away!

The Rock under the Dome

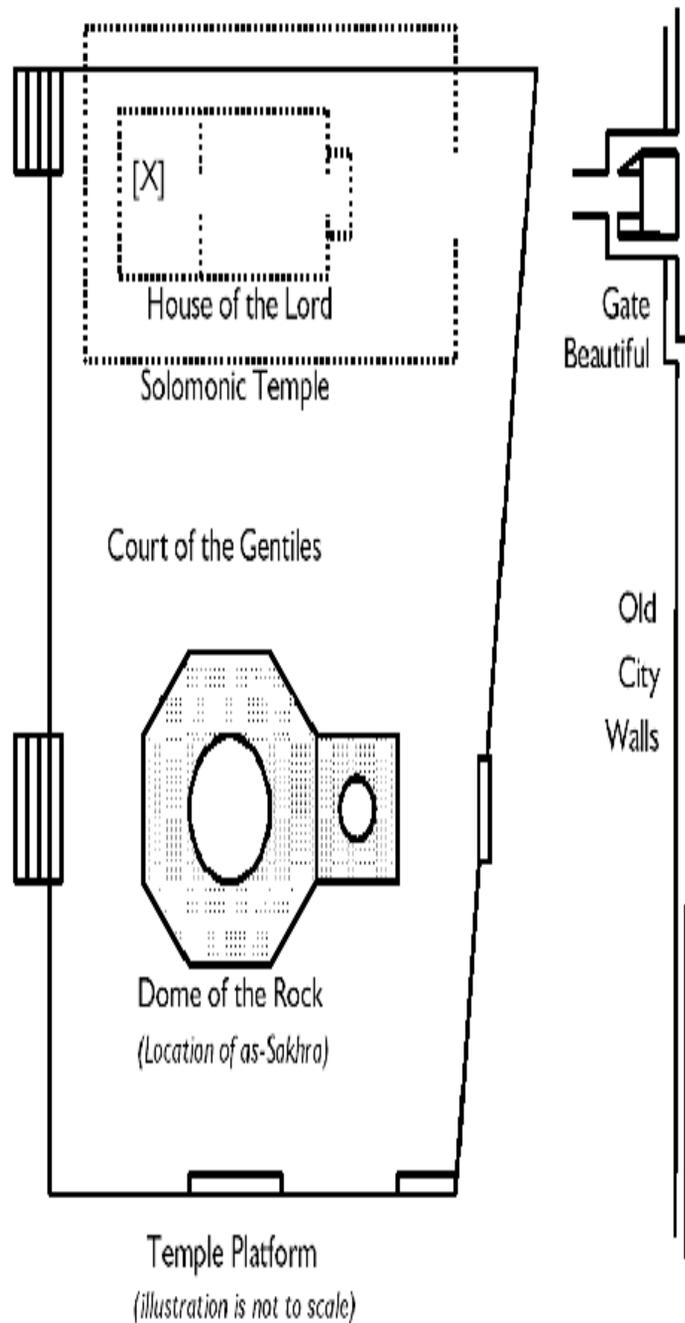

Today the [little gazebo](#) aptly named the "Dome of the Tablets", or "Dome of the Spirits", covers the smooth flat former threshing

The old [Eastern Gate lines up perfectly](#) with the little "Dome of the Tablets". The Solomonic Temple "[Court of the Gentiles](#)", where even unwashed slaves were allowed, is likely where the Dome of the Rock was constructed in fulfillment of John's revelation.

## Location of the Solomonic Temple

- It would seem that the Dome of the Rock was built in the court that was outside of Solomon's temple, that the Lord gave to the Gentiles. **In other words, the Moslems built the Dome of the Rock - over the wrong rock!** Just as John wrote they would

**WHAT HAPPENED IN THE FALL OF 732 C.E.?**

- 732 c.e. was the year of **The [Battle of Tours](#), France.**
- This battle was fought exactly 100 years after Mohammed's death.
- **The Battle of Tours is widely considered to be [the most important battle](#) of the entire Christian era. [Charles "Martel"](#) (the hammer), against astronomical odds, defeated the Islamic army, and the spread of Islam, in its near [conquest of the whole known world](#), as it headed up through Europe during the Islamic First Jihad. Indeed blessed was he who patiently waited and made it through the First Jihad, without converting to Islam, or denying his Lord and Savior.**

# The Turning Point

This epic battle was the turning point marking the zenith of the Islamic onslaught delivering the mortal wound to the spearhead of the invading Islamic forces, and killing the literal head of the advancing army Emir Abd er Rahman. "Without his leadership and guidance, the other commanders were unable to even agree on a commander to lead them back into battle the following morning. The effect of the death of Abdul Rahman on both Islamic and world history was profound." "... according to one unidentified Arab, 'That army went through all places like a desolating storm,' sacking and capturing the city of Bordeaux, and then defeating the army of Duke Odo of Aquitaine at the Battle of the River Garonne — where the western chroniclers state, 'God alone knows the number of the slain' [possibly millions] and Odo fled to Charles Martel, seeking help."

October 10, 732 AD marks the conclusion of the Battle of Tours, arguably one of the most decisive battles in all of history. A Moslem army, in a crusading search for land and the end of Christianity, after the conquest of Syria, Egypt, and North Africa, began to invade Western Europe under the leadership of Abd-er Rahman, governor of Spain. Abd-er Rahman led an infantry of 60,000 to 400,000 soldiers across the Western Pyrenees and toward the Loire River, but they were met just outside the city of Tours by Charles Martel, known as the Hammer, and the Frankish Army.

# The Prophecy of Ezekiel

You are about to read one of the most fascinating and remarkable prophecies in the Bible. What makes it even more remarkable is what it implies. For when we realize how precisely this prophecy has been fulfilled after *2,500 years*, we must realize all the Bible prophecies concerning Israel and the world including the coming 'Apocalypse,' the 'Battle of Armageddon,' Messiah's return, and the many promises and warnings will be fulfilled just as accurately and literally as the amazing prophecy presented here ...

## The Prophecy ... Ezekiel 4:4-6

"Then God said to Ezekiel,  
'Now lie on your left side for 390 days  
*to show Israel will be punished for 390 [prophetic] years  
by captivity and doom.  
Each day you lie there represents  
a year of punishment ahead for Israel.  
Afterwards, turn over and lay on your right side  
for 40 days, to signify the years of Judah's punishment.  
Each day will represent one prophetic year . . .*'"  
(Ezekiel 4:4-6)

# This Is A *Mathematical* Bible Prophecy . . .

- Although a little obscure (and sophisticated) this is one of the most fascinating prophecies found in the Bible.
- 
- Here, we find God telling Ezekiel that ***each day he (Ezekiel) lies on his side will represent one year of punishment*** for the House of Israel (Israel + Judah) because of their iniquities (sins) against YHVH . . .
- 
- So, we have:
- 
- **390 days** Judgment against the **10 northern tribes 'Israel'**
- **+ 40 days** Judgment against the **2 southern tribes 'Judah'**
- **= 430 years** Judgment against the **nation of Israel**
-

# The Fulfillment of the Prophetic Judgment Begins . . .

- In 606 B.C. Israel (Judah) was taken into captivity by Babylon for *exactly* 70 years ...

**430 years of judgment determined against nation Israel**

**- 70 years fulfilled during the Babylonian captivity**

**= 360 years *remaining* in judgment against the *nation* of Israel**

## The Mystery of 360 Years . . .

There should have been a total of 360 years left in judgment against Israel *after* their release from Babylonian captivity by the Persian general Cyrus, *exactly* 70 years after the Babylonian captivity began (just as the prophet Jeremiah had prophesied *before* the captivity) ... but *where* was the remaining 360 year judgment in Israel's history??!!

# The 7X Factor of God's Judgment . . .

No one could not find any specific captivity or dispersion that fulfilled these 360 years left in the judgment *until* a close look in the book of Leviticus revealed a *startling* prophetic warning ...

**"And after all this, if you do not obey Me, then I (God) will punish you *seven times more* for your sins."**

**(Leviticus 26:18)**

**"Then, if you walk contrary to Me, and are not willing to obey Me, I (God) will bring on you *seven times* more plagues, according to your sins."**

**(Leviticus 26:21)**

**"And after all this, if you do not obey Me, but walk contrary to Me, then I (God) also will walk contrary to you in fury; and I, even I will chastise you *seven times* for your sins.:**

**(Leviticus 26:27-28)**

**"I (God) will scatter you among the nations and draw a sword after you;**

***your Land shall be desolate* and your cities waste."**

**(Leviticus 26:33)**

The **7X factor of God's judgment** against nation Israel. God warned Israel if they continued in their disobedience *He would multiply their judgment by seven times!* Remember, as noted throughout these prophetic studies, *God says what He means and He means what He says!*

# Prophecy Fulfilled . . .

Now, let's apply the 7X factor to the remaining 360 years of judgment against nation Israel in this remarkable mathematical prophecy . . .

**360 Remaining years of judgment**  
**x 7 The prophetic '7X' factor**  
**= 2,520 Years of judgment remained against nation Israel**

God gave the Jews the most sophisticated calendar on Earth. It is both a Lunar *and* a Solar calendar. The Jewish calendar uses a 360 day lunar (and prophetic) year and then adds a 'Leap Month' on specific years to accurately coincide with the Solar cycle we use on our 'Julian' calendar ...

The Bible uses 360 day years for prophecies and expects us to add the appropriate 'leap months' on schedule. So, the easiest way to unravel this prophecy is to *first* convert this prophecy into *solar years* ...

**converting prophetic years to solar years.**  
**2520 prophetic years / .9875 = 2483.78 solar years.**

***With this information, let's look at this remarkable prophecy again . . .***

<b>606 B.C</b>	Israel taken into <b>Babylonian captivity</b>
<b>- <u>70</u> Years</b>	for 70 years
<b>= 536 B.C.</b>	End of first 70 years of judgment
<b>+ 2484 Years</b>	Now add the 2,484 years <b>remaining</b> in this judgment
<b>= 1948 AD!</b>	<b>End of judgment</b> against <i>nation</i> Israel

### **Israel Back in Her Land as a Nation . . . *in 1948!***

Judah (Israel) was taken into captivity by the Babylonians in 606 B.C. They were released from captivity 70 years later by the Persians in 536 A.D., exactly as the prophet Jeremiah had prophesied, but their land was still under the control of the Persians. The Persians were later conquered by the Greeks, and the land of Israel remained under Greek control. The Greeks were then conquered by Rome and the land of Israel remained under Roman control. After failed rebellions against Rome around 70 A.D. and another around 100 years later, the Romans removed the Jews from the land of Israel, dispersed them around the world and then *renamed* the land 'Palestine' after the enemies of Israel. Then, after 2,500 years, and for the first time since the Babylonian captivity in 606 B.C., the world watched as Israel once again appeared on the world map as a sovereign nation, on May 14, **1948 ... exactly when the prophetic word said it would!**

And I will multiply men upon you, all the house of Israel, even all of it: and the **cities shall be inhabited, and the wastes shall be rebuilt:** And I will multiply upon you man and beast; and they shall increase and bring fruit: and I will settle you after your old estates, and will do better unto you than at your beginnings: and ye shall know that I YHVH. -- Ezekiel 36:10-11

*I will bring back my exiled people Israel; they will rebuild the ruined cities and live in them. They will plant vineyards and drink their wine; they will make gardens and eat their fruit. I will plant Israel in their own land, **never again** to be uprooted from the land I have given them," says the YHVH your God. (Amos 9:14-15)*

The He said to me, "Son of Man, these bones are the whole house of Israel, behold, they say 'our bones are dried up and our hope has perished, we are completely cut off. Therefore prophesy and say to the nations, Thus says the God Yahweh, Behold I will open your graves and cause you to come up out of your graves, My People, AND I WILL BRING YOU INTO THE LAND OF ISRAEL, THEN YOU WILL KNOW THAT I AM Yahweh...
